

# Stalker new user interface customization

## How to add youtube application in stalker new UI

1. Download latest **YouTube** application and unzip it to in /stalker\_portal/new/
2. Edit APP section in **/stalker\_portal/new/launcher/profile.json** and add youtube in it.

```
{
  "name": "Apps",
  "icons": "img/{0}/icons/apps.png",
  "color": "#00eaff",
  "items": [

    {
      "name": "Youtube",
      "info": "Youtube description",
      "icon": "img/{0}/icons/apps/youtube.png",
      "focusIcon": "img/{0}/icons/apps/youtube.focus.png",
      "color": "#a1222f",
      "url": "../youtube/index.html",
      "type": "iframe"
    }

  ],
},
```

## Where to find/change images for new UI

**/stalker\_portal/new/launcher/img/**
